

Chromebook How To's

How to Run Screencastify

Log into the chromebook using your school email account and password.

Make sure you are properly accessing the internet, if not see the article on internet connection issues.

The Screencastify extension will install automatically on your chromebook.

To access Screencastify, click on the arrow icon in the icon bar in the browser (tip right of the screen).

Use your school google account to log in.

After you have it running, if you need help go to this url.
